

# PROJECT GOALS

## *Delta US 50 and SH 92 Access Plan*

### State & Local Partnership

- Provide a plan that is **adoptable by all entities** and can be **implemented in phases**.

### Safety & Operations

- Provide **effective and efficient travel** for traffic on US 50 and SH 92.
- Provide **safe, effective and efficient access** to and from US 50 and SH 92 for businesses, residents and guests.
- Support development of **alternative modes**.

### Compatibility with Local Vision

- Maintain compatibility with existing and proposed **off-system connections** that provide local circulation to support the transportation system.
- Support the **economic viability** of the project area.
- Maintain compatibility with previous **local planning efforts**.
